HOWARD HEINZ FORMER STATE FOOD ADMINISTRATOR, WHO WAS ELECTED TO THE DIRECTORATE OF THE PENNSYLVANIA RAILROAD TODAY

HEINZ A P. R. R. DIRECTOR Former Food Administrator Elected in Place of Roberts

Howard Heinz, of Pittsburgh, was today elected a director of the Pennsylvania Railroad to fill the vacancy caused by the resignation, April 14, of Percival Roberts.

Mr. Heinz was federal food administrator for Pennsylvania during the war, and was called to Europe during the winter of 1918-19 to aid Herbert Hoover in food relief work.

The new director of the Pennsylvania Railroad is head of the Heinz food products concern in Pittsburgh.

HARDING TO MAKE 2 SPEAKING TRIPS Will Visit Border and Middle West States in October

Marion, O., Sept. 22.—Plans for two campaign trips for Senator Harding during October, made public here today, contemplate a swing into the border states as far south as Chattanooga, Tenn., and one into the middle West as far as Kansas City and Omaha.

DECLARES CHINA BETRAYED Today's Leading Events in Presidential Campaign

Gerard told the Senate campaign fund investing committee that the limit has been placed on Democratic contributions, but \$2,000,000 would be enough.

Harding gave his attention to odds and ends of campaign work. Cox carried his campaign into Arizona.

Marion, O., Sept. 22.—Plans for two campaign trips for Senator Harding during October, made public here today, contemplate a swing into the border states as far south as Chattanooga, Tenn., and one into the middle West as far as Kansas City and Omaha.

The first trip will start on October 6 and the candidate will deliver addresses at the following places:

Des Moines, Iowa, on the forenoon of October 7; Omaha, Neb., evening of October 7; Kansas City, Mo., evening of October 8; Oklahoma City, Okla., evening of October 9.

Leaving Marion again on October 12 he will speak at Chattanooga, Tenn., on the evening of October 13; at Louisville, Ky., on the evening of October 14; at Indianapolis, Ind., on the evening of October 15; at St. Louis, Mo., on the evening of October 16.

The action of the Senate in talking at the shipping award of the treaty of Versailles was the sincere attempt of one branch of the American Government to keep faith with China after the Chinese claims had met repudiation at Paris at the hands of the American peace delegation.

Senator Harding so declared yesterday to a delegation of members of the League of the Golden Heart of the World. The Republican nominee severely arraigned President Wilson and the administration for urging China to enter the world war, only to "break faith" with that nation at the peace conference.

Senator Harding shared the front porch yesterday with Alexander Moore, Pittsburgh publisher, and his wife, formerly Mrs. Lillian Russell. They both spoke to the delegation and to the women of Marion, who were out in large numbers.

Elaborate preparations are under way at Harding headquarters for the front-porch celebration to be held Saturday, when the senator will address members of the Harding and Coolidge Traveling Men's Association.

BIG CROWD GREETED GOV. COX IN ARIZONA Morning Address at Phoenix Canceled—Nominee Speaks in Nearby Towns

Phoenix, Ariz., Sept. 22.—Governor Cox was greeted by a large crowd on his arrival here today to deliver several addresses. He was accompanied by Los Angeles by W. L. Barnum, Democratic national committeeman from Arizona, and was met at the train here today by Senator Marcus A. Smith, of Arizona.

A half dozen addresses were on today's program of the Democratic candidate. Arriving here about 10 o'clock the governor's morning address was canceled, so that he might tour adjacent towns by automobile before speaking here at 1:30 o'clock at a barbecue at the fair grounds.

Los Angeles, Calif., Sept. 22.—(By A. P.)—Governor Cox spoke to the West this morning through the Los Angeles Times. The Republican newspaper, just before his train left Los Angeles, he asked the Times to publish the following statement:

"The nation must look to the West for its food increase. You have got the acres and there is much larger opportunity for the development of that acreage in the West than in the East."

"I like your western spirit. Your people are eager, they are progressive; they respond more quickly to the spoken word."

"I believe the Almighty realized that the task of reclaiming this western country required a great people, for you people are doing that great work with a wonderful spirit."

POLES AGAIN SPLIT WITH LITHUANIANS Refuse to Retire Behind Foch Line and Delegates Return to Warsaw

Warsaw, Sept. 22.—The peace negotiations between Lithuania and Poland have been broken off and the Polish delegation has left Kalwarya and is returning to Warsaw.

Lithuania agreed to withdraw her troops behind the Foch line, but insisted that the Poles retire a similar distance behind the line they now occupy. To this the Poles refused to agree.

The announcement was made Monday that the council of the League of Nations had succeeded in getting Poland and Lithuania to agree to an immediate suspension of hostilities pending decision of their dispute by the league.

UNIVERSITY WONDERS TOLD TO SIGHT-SEEING FRESHMEN In Gangs of Thirty Each, Led by Upper Classmen, New Penn Students See Points of Interest and Hear Weird Tales

"We are now driving near the famed scene of many an American Olympic where many records and post-seasonal straw hats have been lowered."

"Behold, my verdant brethren, Franklin Field, on whose yonder greenward Benjamin Franklin flew the kite that intrigued the bolt of lightning and sparked the key to the electrical universe."

"We are now nearing the famous University Museum, in whose historic halls repose the mummified remains of Cleopatra, the highest salaried vamp who ever graced the legit."

"If there is anything the matter with you, besides being freshmen, trained specialists await your pleasure in your der hospital," the sightseeing lecturer continues.

"And if the trained specialists perform a successful operation upon you and through no fault of their own pass on and out, remember that it is not in vain, for over yonder, at the Hare Laboratory, they can still find some use for you."

The sightseeing groups leave the freshmen dormitories every morning at 10 o'clock and every afternoon at 3 o'clock. It is difficult to say who derives the most entertainment, the freshmen or the hundreds of upper classmen who gather about the campus to watch the "parades" go by.

MET WALL STREET DEATH CART DRIVER Workmen Declare Stranger Told Them His Team Was Blown Up

New York, Sept. 22.—Four workmen appeared at the municipal building today and declared they had spoken with the driver of the death wagon that figured in the Wall street explosion last Thursday.

Particular interest was taken in their story, for investigators vainly had sought to establish the identity of the driver among the dead or the living.

The workmen said that five or ten minutes after the explosion of a bomb, believed to have been placed in the wagon, a man approached them when they were standing in front of a building being razed in the Wall street district.

According to their story, the stranger said his horse and wagon had been blown up after he had left the vehicle to telephone to his employer.

Elaborate preparations are under way at Harding headquarters for the front-porch celebration to be held Saturday, when the senator will address members of the Harding and Coolidge Traveling Men's Association.

REVIVE ACCIDENT THEORY WOULD CUT OUT HORSES A maximum speed of fifteen miles an hour for motor apparatus going to fires was recommended in a report to Mayor Moore this afternoon.

The committee report was made in the final report of a committee named to inspect and report on the condition of the city's fire equipment.

Fire Chief Murphy said that the speed of fire apparatus should be no greater than the maximum allowed other motor-driven vehicles, which is fifteen miles an hour.

The committee also recommended the complete elimination of horse-drawn apparatus, except nozzles and chemical wagons; an appropriation of \$550,000 for new motor apparatus; a monthly inspection of all fire apparatus, with a report as to repairs needed and a soil of instruction in motors and motor operation.

The report recommended the discontinuance of detailing officers and men to the Bureau of Fire to other bureaus and departments, and the organization of a fire prevention squad as a separate unit under the control of the fire marshal to be composed of men separately appointed and not detailed to the squad from the fire or other bureaus.

The report of the committee showed that the present equipment of the Bureau of Fire to other bureaus and departments, and the organization of a fire prevention squad as a separate unit under the control of the fire marshal to be composed of men separately appointed and not detailed to the squad from the fire or other bureaus.

HURRICANE HITS NORTH LOUISIANA Morgan City Slightly Damaged in its Swift Passage From Gulf Coast

New Orleans, Sept. 22.—The tropical hurricane last night hit the Louisiana coast, striking with full force at a point close to Morgan City, Dr. I. Cline, district forecaster of the local weather bureau, announced today.

Morgan City this afternoon reported that the city had suffered little damage from the tropical storm which swept in from the Gulf near that point last night. Other reports received here indicate the path of the storm was between Lusher and Burnside, La., and for a distance of forty miles west of New Orleans. Some damage is reported also west of Baton Rouge.

Indications today were that the fishing villages along Lake Borgne which figured in last night's storm reports were hit by a series of gales and did not experience the force of the main disturbance.

Only the customary damage which follows heavy winds was reported from the villages, although railroad bridges were thrown out of plumb and traffic delayed on the Louisville and Nashville Railroad.

Trees were uprooted, windows were broken and signs were blown down by the wind here. One unidentified man was killed by a falling power wire. Heavy damage from high winds and tides was reported from coast points east of here.

The wind at Bay St. Louis and Chef Menteur was estimated at sixty miles an hour last night. In some localities wires ran down or out of communication.

Plate-glass windows throughout the business section were reinforced last night, and metal shutters were placed over the windows. Many sign-boards were blown over throughout the city, and in one section two houses were unroofed by the force of the wind.

With a rising tide and growing winds, residents and pleasure-seekers along the shore of Lake Pontchartrain commenced flocking into the city. Driven by the increasing wind, the water in Lake Pontchartrain began coming over the seawall at West End and Spanish fort. From the Mississippi coast reports every day returning to the city was crowded with vacationists seeking safety.

Galveston, Sept. 22.—(By A. P.)—With danger of tropical disturbance being felt here believed past this morning, merchants began putting their stocks to rights and railroads ordered freight, which had been pulled to higher ground, brought back to the yards. Normal activities will be restored in a few hours.

Mobile, Ala., Sept. 22.—(By A. P.)—The Gulf coast between Mobile and New Orleans suffered only slight damage during the storm last night, according to information received here today over wires of the Louisville and Nashville Railroad.

Washington, Sept. 22.—(By A. P.)—The center of the tropical hurricane passed inland west of the Mississippi river during last night and is now over northern Louisiana, the Weather Bureau announced early today. The bureau said the storm would diminish in intensity. Warnings on the Gulf coast were ordered down at 9:30 a. m.

Sets Shop on Fire by Accident In his haste to get home and observe Yom Kippur yesterday, Morris Melrose, manager of the Morris Beef Co., Point Breeze avenue and Dickinson street, left an improvised stove burning on top of a meat block. He had put some burning wood in a bucket to warm the place up. At 11 o'clock last night the block caught fire. Melrose was sent to hospital early today. The bureau arrival of the firemen. The loss was slight.

Bargain Votes for N. J. Women Women of Gloucester City will not have their \$1 poll tax to pay this year, as the Gloucester County Board of Taxation interprets the New Jersey law to mean male voters only. The New Jersey Legislature is expected to amend the law to read "male and female voters."

Cleveland, Sept. 22.—(By A. P.)—Postmaster Murphy received an anonymous letter at noon today saying that two wagon loads of high explosives were being brought into the city and that the Federal Reserve Bank, the Union National Bank and the Citizens Savings and Trust Co. were to be blown up before nightfall. Federal authorities communicated with the police and a number of men filled with detectives and police reserves were rushed to each of the institutions.

Boston, Sept. 22.—(By A. P.)—The entrance to City Hall were placed under extra police guard today after receipt of a second threatening communication by Mayor Peters.

"Watch your building. We are here from New York. We will get you, and the letter reads. The signature was 'HWTX.'" The letter was mailed in the Charlestown district yesterday.

Mayor Peters said he was inclined to regard both communications as threats of today and a somewhat similar one received yesterday as the work of jokers.

STATE'S ICE CREAM PURE Food Commissioner Foust Praises Manufacturers

Atlantic City, Sept. 22.—Pennsylvania's pure ice cream of the highest quality, asserted James Foust, food commissioner of Pennsylvania, in addressing the convention of the Ice Cream Manufacturers of the Keystone State today.

"Ice cream in Pennsylvania has been proven free of injurious chemicals," said Foust. "In 1919 the department purchased 250 samples of ice cream to be analyzed by official chemists. Twenty-five prosecutions were instituted, but all on charges of using burdock below standard."

"The same year 194 samples of non-alcoholic drinks were bought. There were 119 prosecutions, and two-thirds were on charges of using saccharine."

SINN FEIN JUDGE SLAIN IN HIS SLEEP Limerick County Man Victim. Dozen Men in Uniform Rush Dublin Hotel to Find Room

Dublin, Sept. 22.—County councillor Lynch, a prominent Limerick Sinn Fein man, was shot dead this morning in his hotel apartment in the center of Dublin. His assailants are alleged to have been "Black and Tans."

The murder took place at 3 o'clock this morning, according to the Press Association's account, when uniformed men entered the hotel, the Royal Exchange Hotel, and going straight to the room of their intended victim, shot him dead.

The various versions of the affair leave it surrounded with considerable mystery. It appears, however, that at 3 o'clock, after violent knocking on the door of the hotel, which is situated near the castle, the porter admitted a dozen men who said they belonged to the military. Fifteen minutes later the police arrived, stating they had been instructed by the military to take charge of the body in Room No. 6, which proved to be that of John Lynch, of Kilmallock, a member of the Limerick county council, and alleged to be a judge of a Sinn Fein court.

The police this morning were still guarding the room, to which no one was admitted, while the street nearby was full of excited crowds and a detachment of the military was parading outside the hotel.

The guests in rooms numbers four and five of the hotel, nearby the chamber occupied by Lynch, said they had heard no unusual noise during the night. The damage done by the "Black and Tans" in Balbrigan, in their raids Monday night and yesterday after the shooting of two police officers in that town, is estimated at £200,000 sterling. Among the dwellings destroyed by the raiders were the residences of Mrs. Andrew White, sister-in-law of Edmond De Valera, and Lawrence Flanagan, brother-in-law of De Valera.

COVINGTON.—On Sept. 21, FANNIE S. COVINGTON (nee Murphy), wife of Morris B. Covington, 421 N. 12th st., Philadelphia, died at her residence, 421 N. 12th st., Philadelphia, at 1:30 p. m.

MEN WELCOME TOO AT VICTORY JUBILEE Question of Parade Before Celebration to Be Decided at Today's League Meeting

Women will predominate, but men will be welcome at the victory jubilee in Independence Square on Saturday afternoon.

This announcement was made today by Mrs. George A. Piersol, chairman of the Philadelphia League of Women Voters.

"This is to be a woman's jubilee, the first of its kind ever held in the historic square," said Mrs. Piersol. "Men have held their celebrations and no women are to occupy the center of the stage."

Final details of the jubilee were announced at a meeting of the League of Women Voters and representatives of other women's organizations in the New Century Club today.

The following program was announced: 2:30 to 3 p. m.—Community singing, led by Miss Anne McDonough accompanied by the Police Band.

3 p. m.—The meeting called to order by the chairman, J. Hampton Moore. Invocation—Dr. Carl E. Grammer, pastor of St. Stephen's P. E. Church.

Welcome to the women voters—The Mayor. Response for the women—Mrs. John O. Miller, state chairman, Pennsylvania League of Women Voters.

"Women's New Opportunity"—William C. Sproul, Governor of Pennsylvania. Aims of the National League of Women Voters—Mrs. Maud Wood Park, national chairman.

A tribute to the pioneers—Mrs. John O. Miller, state chairman, Pennsylvania League of Women Voters. The women's justice bell—Mrs. Charles Wister Risenberger, national custodian of the bell.

Present by forty-eight girls representing each state. The ringing of the bell—Miss Catherine Wentworth, Ronoke, Va. The national anthem.

Benediction—Dr. Carl E. Grammer.

DEATHS COVINGTON.—On Sept. 21, FANNIE S. COVINGTON (nee Murphy), wife of Morris B. Covington, 421 N. 12th st., Philadelphia, died at her residence, 421 N. 12th st., Philadelphia, at 1:30 p. m.
